Decision Tree
College of Pharmacy APPE Students

Are you experiencing any symptoms of COVID-19 or do you have a positive test result for COVID-19?

*At a minimum, experiential site policies will be followed. Any more stringent site policies will supersede the below.

**If you plan to come to any of the UGA campuses, use DawgCheck to monitor for symptoms of COVID-19

YES
I have symptoms and/or a positive test

NO
I do NOT have symptoms or a positive test

1. Do not report to your site. Contact your Regional Coordinator and preceptor immediately to determine next steps.
2. In the interim, follow CDC Guidelines to stay home, separate yourself from other people, monitor symptoms, and get tested if you haven’t already.
3. ALL POSITIVE TESTS must be reported in DawgCheck, to Dr. Do, and to your Regional Coordinator immediately (*this includes during vacation blocks and scheduled breaks).

Regional Coordinator will:
• Work with student and preceptor/site to determine when student can be cleared to return based on site policies.
• Work with preceptor to ensure any missed time is adequately made up.

Have you been in direct physical or close contact* with someone who has been diagnosed with or tested positive for COVID-19?

YES
I have had direct/close contact

NO

1. Contact your Regional Coordinator and preceptor immediately to determine next steps.
2. Monitor for symptoms.
3. Site policies will be followed.

1. Monitor for symptoms.
2. Continue to follow site requirements, engage in social distancing, wear appropriate face coverings, and practice good hygiene.

*Close Contact
Close contact is defined as being within 6 feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period* starting from 2 days before illness onset (or, for asymptomatic patients, 2 days prior to test specimen collection) until the time the patient is isolated.

*Individual exposures added together over a 24-hour period (e.g., three 5-minute exposures for a total of 15 minutes).
