PROGRAM MISSION

To provide advanced training in ambulatory care to residents with an interest in academia

UNIVERSITY OF GEORGIA
College of Pharmacy

PROGRAM DESCRIPTION

The PGY2 Ambulatory Care Residency is offered by the UGA College of Pharmacy in collaboration with the Charlie Norwood Veterans Affairs (VA) Medical Center and Mercy Health Center, all located in Athens, GA. It is a 12 month specialized program designed to develop an expertise in ambulatory care disease state management. The resident will provide patient care primarily at the Athens VA Outpatient Clinic and Mercy Health Center. Opportunities for elective rotations at other sites are available. Rotations will be longitudinal in nature. A secondary focus of the program is in teaching and academia. Residents will be able to take advantage of the strengths of the UGA College of Pharmacy and gain experience in a variety of teaching activities. Residents are classified as graduate students and receive a Graduate Certificate in Clinical Pharmacy upon completion of the program.

CURRENT RESIDENT

Juliette Miller, Pharm.D.
Dr. Miller is a 2020 graduate of the Wegmans School of Pharmacy at St. John Fisher College in Rochester, New York. She completed her PGY-1 Pharmacy Residency at the Augusta University Medical Center in Augusta, GA. Her professional interests include chronic disease state management, indigent care, patient education, and teaching. Upon completion of her residency, she plans to pursue a clinical faculty position with an active ambulatory care practice and teaching site.
