Decision Tree
College of Pharmacy Faculty, Staff and Supervisors

ARE YOU EXPERIENCING ANY **SYMPTOMS** OF COVID-19 OR DO YOU HAVE A POSITIVE TEST RESULT FOR COVID-19?

### YES
I have symptoms and/or a positive test.

1. Follow [CDC Guidelines](https://www.cdc.gov/coronavirus/2019-ncov/) to stay home, separate yourself from other people, monitor symptoms, and get tested if you haven’t already.
2. Report positive test to [DawgCheck](https://www.dawgcheck.uga.edu/) and follow recommendations from DawgCheck.
3. Contact healthcare provider for guidance if needed.
4. Notify your supervisor.

### NO
I do NOT have symptoms or a positive test.

Have you been in close contact with someone who has been diagnosed with or tested positive for COVID-19?

### YES

1. Monitor for symptoms.
2. Continue to follow prevention measures.

### NO

Are you fully vaccinated?

### YES

1. Do not need to quarantine.
2. Follow prevention measures:
   * Wear a mask.
   * Social distance.
   * Avoid crowds.
   * Wash hands frequently.
3. Should get tested 3-5 days after exposure.

### NO

2. Monitor for symptoms.
3. Communicate with your Supervisor.

Supervisor will work with faculty/staff to determine when [return-to-campus criteria](https://www.cop.uga.edu/) are met and the employee can be cleared to return.

Supervisors will communicate with COP COVID-19 Operational Leadership Team (COLT) to determine if further action is needed (i.e., additional reporting, facility cleaning). The primary COLT contact for supervisors is Dr. Michael Bartlett (mgbart@uga.edu).

Individuals are considered fully vaccinated 2 weeks after their second shot in a 2-dose series (e.g., Pfizer or Moderna vaccines) or 2 weeks after a single-shot vaccine (e.g., Johnson & Johnson’s Janssen vaccine).
