

## Decision Tree College of Pharmacy APPE Students

**ARE YOU EXPERIENCING ANY SYMPTOMS OF COVID-19 OR  
DO YOU HAVE A POSITIVE TEST RESULT FOR COVID-19?**

*\*At a minimum, experiential site policies will be followed. Any more stringent site policies will supersede the below.*

**YES**  
I have symptoms and/or a positive test.

1. Do not report to your site. Contact your Regional Coordinator and preceptor *immediately* to determine next steps.
2. In the interim, follow [CDC Guidelines](#) to stay home, separate yourself from other people, monitor symptoms, and get tested if you haven't already.
3. **ALL POSITIVE TESTS** must be reported in [DawgCheck](#), to Dr. Do, and to your Regional Coordinator *immediately* (\*this includes during vacation blocks and scheduled breaks).

- Regional Coordinator will:
- Work with student and preceptor/site to determine when student can be cleared to return based on site policies.
  - Work with preceptor to ensure any missed time is adequately made up.

- Regional Coordinators**
- Atlanta: Mindi Miller ([millerms@uga.edu](mailto:millerms@uga.edu))
  - Augusta: Dianne May ([dimay@augusta.edu](mailto:dimay@augusta.edu))
  - Columbus/Northeast GA: Lindsey Welch ([lhwelch@uga.edu](mailto:lhwelch@uga.edu))
  - Savannah: Misha Watts ([MThomaso2@uga.edu](mailto:MThomaso2@uga.edu))
  - Southwest GA: Melody Sheffield ([rx@uga.edu](mailto:rx@uga.edu))

Individuals are considered fully vaccinated 2 weeks after their second shot in a 2-dose series (e.g., Pfizer or Moderna vaccines) or 2 weeks after a single-shot vaccine (e.g., Johnson & Johnson's Janssen vaccine).

**NO**  
I do NOT have symptoms or a positive test.

**Have you been in close contact with someone who has been diagnosed with or tested positive for COVID-19?**

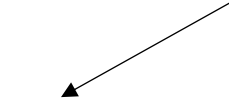

**NO**

**YES**

1. Monitor for symptoms.
2. Continue to follow prevention measures.

**Are you fully vaccinated?**

**YES**

**NO**

1. Do not need to quarantine.
2. Follow prevention measures.
  - Wear a mask.
  - Social distance.
  - Avoid crowds.
  - Wash hands frequently.
3. Should get tested 3-5 days after exposure.

1. Contact your Regional Coordinator and preceptor *immediately* to determine next steps.
2. Monitor for symptoms.
3. Site policies will be followed.
