

A UGA Pre-Pharmacy Student's "2+4" Roadmap to the Pharm.D. Program

[Get started by emailing prepharm@uga.edu]

UNIVERSITY OF
GEORGIA
College of Pharmacy

High School

- Learn more about pharmacy careers* and/or shadow a pharmacist
- Attend Pharm.D. program recruitment event
- Choose A.P./dual enrollment courses satisfying Pharm.D. pre-requisites
- Apply to Dean Stuart Feldman Summer Science Institute (juniors/seniors)

First Year College
Fall/Spring

- Meet Pre-Pharmacy Advisor to create pre-requisite course completion plan
- Attend UGA Pre-Pharmacy Society meetings
- Volunteer or work in pharmacy
- Identify PharmCAS application items
 - ✓ Complete personal statement revisions
 - ✓ Secure two evaluators

First Year College
Summer

- Consider taking PCAT
- Start preparing Pharm.D. application
- Complete at least 35 pre-requisite course hours

Second Year College
Summer

If accepted:

- Make financial plan, complete FAFSA
 - Start Pharm.D. Matriculation Checklist
- If not offered admission:**
- Continue with undergraduate degree program or take gap year
 - Apply again during the next cycle

Second Year College
Fall/Spring

- Submit PharmCAS and UGA Supplemental applications before Priority Deadline
- Prepare for pharmacy school interviews
- Join UGA's Student National Pharmaceutical Association chapter
- Obtain additional pharmacy experience, if possible

- Complete all pre-requisite courses
- Attend Pharm.D. New Student Orientation

Matriculate into UGA's 4-year Pharm.D. program

This infographic represents a basic timeline toward acceptance into UGA's Doctor of Pharmacy (Pharm.D.) program while completing pharmacy school pre-requisite courses within two years. If it will take three years to complete these courses, consider the B.S. in Pharmaceutical Sciences + Pharm.D. Double Dawgs Program.
